25X1 [ ] Comment. Presumably shipments of a unit of the 220th Hv Tank SP Regt. It is possible that, on 2 and 11 July, the unit went to, and returned from, an exercise in the Zeitz area.

25X1 [ ] Comment. The trains which carried tank details of the 220th Hv Tank SP Regt and the 20th Gds Mecz Div from Glauchau and Crawinkel to the Letzling Heath were previously reported. The train which left Jena [ ]  
25X1 [ ] went from Eisenach to Haldensleben  
25X1 on 25 July is reported for the first time.

25X1 [ ] Comment. The shipments may have been connected with exercises which lasted from about 20 to 24 July and possibly spread from the Naumburg-Lossa area as far as the Straussfurt area. No information is available on the area mentioned. However, movements observed in and from this area tend to indicate that the following units may have participated: units of the IV Arty Corps from Rathenow and Altengrabow, the XXVII Gds Mtz Rifle Corps from the Ohrdruf area and the 220th Hv Tank SP Regt from Glauchau. It is possible  
25X1 that elements of the XXIX Gds Mtz Rifle Corps also participated in the  
25X1 exercise.

25X1 [ ] Comment. Troop trains were repeatedly observed en route from the Eighth Gds Army area to the Koenigsbrueck troop training grounds or vice  
25X1 versa since July. However, the entrained units could not be identified.  
25X1 The train [ ] which went from Glauchau to Koenigsbrueck on 22 July,  
is mentioned for the first time; train [ ] from Mechterstedt to Koenigs-  
25X1 brueck was seen arriving on 10 July. [ ]

[ ] Comment. The train with a unit of the 6th Gds AAA Div (US) was  
25X1 observed during the loading in Chemnitz on 18 July and, during the  
unloading, at Jueterbog on 19 July. [ ] The trains,  
which went from Erfurt and Ohrdruf to Jueterbog possibly carried those  
25X1 units which, on 2 August, returned to Weimar and Ohrdruf on trains [ ]  
[ ] The AAA unit of the 39th Gds Mta Rifle Div, which was  
25X1 entrained at the Ohrdruf railroad station on 17 July, possibly went to  
Jueterbog [ ]

25X1

25X1 [ ] Comment. Probably shipments of units of the 39th Gds Mtz Rifle Div,  
 25X1 which participated in advanced combat practices in the Ohrdruf area. Train  
 25X1 [ ] presumably was also observed [ ] during the loading  
 25X1 at the Ohrdruf railroad station on 21 July. [ ]  
 25X1 [ ] Comment. The train may have carried elements of the unidentified  
 25X1 engineer battalion of the 9th Tank Div which transferred to special exercises  
 25X1 on the Mulde River in the Leisnig area, which started about 10 July and also  
 25X1 involved other engineer units of the First Gds Mecz Army.

[ ] Comment. Probably shipments of engineer units of the XXIX Gds Mtz  
 25X1 Rifle Corps. The train which left Rossleben [ ]  
 was previously indicated.

[ ] Comment. In late June, five trains went from Ohrdruf and Plauen to  
 Brandis, carrying units of the 39th Gds Mtz Rifle Div, which went to air  
 transport exercises between the Brandis and Erfurt-Bindersleben airfields.  
 25X1 [ ] The shipments from Eisenach, Gera, Gotha and  
 25X1 Weissenfels tend to indicate that elements of the XXIX Gds Mtz Rifle Corps  
 also participated in the exercise.

25X1 [ ] Comment. The two shipments from Eisenach and Emleben to Altengrabow  
 on 11 July are probably reported for the first time. The train which left  
 25X1 Georgenthal on the same day [ ] and that from  
 Mechterstedt [ ]

25X1 [ ] Comment. Presumably shipments of units of the 316th RL Regt (US) from  
 Saalfeld, which were rotated to and from Emleben.

25X1 [ ] Comment. The trains probably carried elements of the 308th Arty Brig  
 25X1 (US). Train [ ] left Gera on 4 July, was observed there during  
 25X1 the loading. [ ]

25X1 [ ] Comment. Probably a shipment of a unit of the 20th Gds Mecz Div.

25X1 [ ] Comment. [ ] on 8 July, [ ] trains [ ]  
 25X1 [ ] passing through the Magdeburg railroad district and proceeding  
 25X1 toward Neubukow, and [ ] the entraining in Weimar  
 25X1 of medium AAA units of the 13th AAA Div and their departure toward Halle.  
 25X1 [ ] These shipments definitely  
 25X1 were the trains to the Wustrow firing range mentioned in the present report.

25X1 [ ]  
 25X1 [ ]  
 25X1 [ ]  
 25X1 [ ]

25X1 [ ] Comment. Fairly definitely KVP units of the TVs 6000 and 3000, which  
 were continually rotated from their posts to the Weisswasser troop training  
 grounds for short-term exercises. Uhyst and Weisswasser were used as loading  
 and unloading stations. The trains on 16 and 21 August presumably were  
 unloaded in the Dresden railroad district, rather than in the town of Dresden.

25X1  
25X1  
25X1 [ ] Comment. All shipments were previously reported [ ]  
25X1 [ ] However, [ ]  
25X1 the train which left Weimar on 20 August [ ]  
25X1 [ ] was unloaded in the Berlin railroad district; and the train [ ]  
25X1 left Haldensleben on 22 August [ ]  
25X1  
25X1 [ ] Comment. Presumably return movement of the unit from Velten which  
25X1 had arrived in Jueterbog on 23 August [ ]  
25X1 [ ]  
25X1 [ ] Comment. The identity of the units on the trains to Angermuende cannot  
25X1 be determined; nor can their movements be accounted for.  
25X1  
25X1 [ ] Comment. Shipments, probably of tank units of the 7th Cds Mecz Div,  
25X1 from Frankfurt/Oder to the Beeskow, Grunow and Lieberose railroad stations  
25X1 and vice versa have constantly been reported since 14 August. [ ]
